Monday 15 June 2026

9:30-10:00 – Registration & welcome coffee

10:00-10:10 – Welcome: PPC Historical Archives – EOGAN (European Oil and Gas Archives Network) Board – Francesco Antonioli, TICCIH (The International Committee on the Conservation of the Industrial Heritage) Executive Director

10:10-11:00 – **Lectio magistralis by Professor Aristotle Tympas** (Professor of the History of Technology in Modernity, Department of History and Philosophy of Science, National and Kapodistrian University of Athens, Research Vice-Chair, European Inter-University Association on Society, Science and Technology (ESST)
On Defining and Identifying Renewable Energy: Historiographical Challenges and Historical Sources

11:00-11:30 – Coffee break

11:30-13:00 – **The Archival Institutions and the archives they hold**

Elizabeth Bartram (The Mills Archive Trust), *Mills, Memories and Megawatts*

Fabrizio Trisoglio, Ilaria Calamera (Fondazione AEM – Gruppo A2A), *Po Valley Water Routes ERIH: Energy Heritage for industrial tourism*

Katerina Konstantinou (Panteion University – Research Centre for the Humanities), *Remembering oil-based electricity production: Power Plants and the Remains of Green Transition in the Cyclades*

13:00-14:00 – Lunch

14:00-15:30 – **The energy researcher, the archives they use, and the institutions which hold them: tracing the history of the electric power sector**

Dimitris Kyriotakis (University of Crete), *Powering Expectations: Electrification, Infrastructure and Urban Development in Interwar Heraklion (1917-1940)*

Séveric Yersin (University of Basel), *Electric regionalism: the 'Interalpen' study group in postwar Europe*

Tijana Rupčić (KTH – Royal Institute of Technology), *Wired Between East and West: Reconstructing Yugoslavia's Electrical Infrastructure Through Fragmented Archives*

15:30-16:15 – **Maria Mavroeydi (PPC Historical Archives), Guided visit to the PPC Historical Archives' Exhibition**

16:15-17:45 – **The energy researcher, the archives they use, and the institutions which hold them: tracing the history of wind energy**

Kolya Abramsky (freelance archivist), *The British Electrical and Allied Industries Research Association archival collection relating to Wind Power Generation – a vital resource for understanding the inter-war and post-WW2 history of wind energy development in the UK and globally*

Marianna Dudley (University of Bristol), *Tracing 'Electric Wind' through the Archives*

Anna Batzeli (Democritus University of Thrace), **Luke Davis** (Archives Portal Europe), *Archives Portal Europe: A Tool for Energy History Research*

17:45-18:00 – **Presentation of the "Eogan at 15" special issue of the Journal of Energy History / Revue d'histoire de l'énergie (JEH/RHE)**

18:00-18:30 – **Maria Mavroeydi (PPC Historical Archives), Guided visit to the PPC Historic Steam Power Station of Neo Faliro**

Tuesday 16 June 2026

10:00-11:15 – Material for the archives of the future

Dimitris Lagouvardos, Yannis Fotopoulos, Stathis Arapostathis (National and Kapodistrian University of Athens), *Decarbonizing energy or ‘greening’ incumbents? Regime Dynamics between RES and Hydrocarbons*

Hui Chen (Central China Normal University), *Standardization of Archives Management for Sustainability and Renewable Energy Engineering Projects: Enabling Efforts to Achieve Carbon Neutrality in China*

11:15-11:30 – Coffee break

11:30-13:00 – Tracing the history of the gas sector

Katya Corvino, Matteo Allasia (Italgas Heritage Lab), *From “Ground Zero” to Digital Recomposition: Reassembling Greek Gas Corporate Memory through the Heritage Lab Model*

Suryapratim Roy, Alexandru Gociu (Trinity College Dublin), *The Bravo Platform Blowout in the British Parliamentary Archives*

Maria Florou (Museum Department, Technopolis City of Athens), *The Athens Gasworks’ legacy: from energy transition to social and cultural sustainability*

13:00-13:45 – Lunch

13:45-14:30 – Plenary Eogan AGM

14:30-16:00 – Tracing the history of other renewable energy technologies

Silvia Giugno, Carolina Lussana (Fondazione Dalmine), *Steel Pipes for Water, Water for Clean Energy: an industrial product in archival sources*

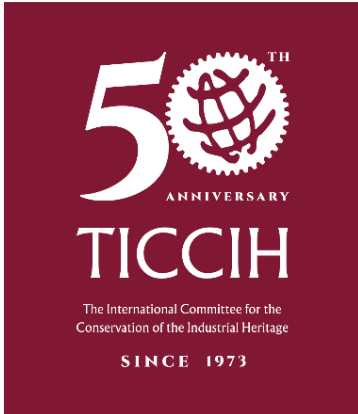

Benjamin Léduc (Projet Éole), *Projet Éole: On the trail of a giant*

Konstantinos Gkarakis (Derby University), *Engineers as Accidental Archivists: Tracing Early Renewable Energy Projects in Greece*

16:00 – End of Eogan 2026

17:00-19:00 – The Ticcih’s working group on Business Archives in Greece

The meeting aims to foster discussion and the exchange of knowledge and best practices regarding the description, study, preservation, management, and promotion of business archives in Greece. TICCIH, with its international working group on business archives, is one of the stakeholders in developing this discussion. This will also be a useful opportunity to outline TICCIH's new direction, following the Kiruna World Congress: from an international committee to a global community.

Round-table discussion: Francesco Antoniol (Ticcih Executive Director), Maria Mavroiedi (PPC Historical Archives), Flora Anastasiou (Hellenic Railways Organization Historical Archive), Maria Florou (Technopolis), Hercules Fassourakis (Valt of Industrial Digital Archives - VIDA).
